

Leonard Wong

AI Software Engineer · Agentic Development · LLM Applications

me@leonardwong.tech · +65 8754 5096 · leonardwong.tech · github.leonardwong.tech · linkedin.leonardwong.tech

AI Software Engineer specializing in agentic development — building LLM-powered applications and tool-using workflows on a foundation of secure, data-driven platform delivery. AI Singapore LLM Application Developer; NUS-ISS Responsible & Explainable AI and AI + Cybersecurity.

AI & AGENTIC HIGHLIGHTS

- **Agentic** development: designing LLM-driven, tool-using agent workflows with retrieval (RAG), function calling, and prompt engineering.
- **LLM** application development through the AI Singapore LLM Application Developer Programme (2026).
- **Responsible & Explainable AI** — NUS-ISS graduate certificates covering model transparency and governance.
- **AI + Cybersecurity** — applying security rigor (SAST/DAST, OWASP) to AI-enabled systems (NUS-ISS, 2025).

SKILLS

AI & Agentic	Agentic AI · AI Agents · LLM Application Development · RAG · Prompt Engineering · Tool Use / Function Calling · Responsible AI · Explainable AI · AI & Cybersecurity
Languages	HTML · CSS · JavaScript · C# · SQL · PHP · Python
Frameworks	ASP.NET · Bootstrap · jQuery · YOURLS
Cloud & Data	AWS DynamoDB · JSON · ETL · Data Warehousing · Cloud Native Design · Scalable Systems
Security	OWASP ZAP · SAST/DAST · XSS Research · AI and Cybersecurity
Product & Delivery	UAT Planning · Incident Management · Training & Enablement · Digital Product Strategy · Platform Product Thinking

EXPERIENCE

NCS Pte. Ltd. April 2026–Present

AI Software Engineer · IT Vendor to Public Service Commission Singapore · Young Leaders · Brand Ambassador

- Employed by NCS Group while serving Public Service Commission Singapore as an IT vendor.
- Build LLM-powered applications and agentic workflows on secure, data-driven delivery foundations.
- Apply AI Singapore LLM Application Developer and NUS-ISS Responsible AI training to practical AI software delivery.
- Integrate security, stakeholder collaboration, and operational support into AI-enabled systems.

Tech: LLM Applications · Agentic Workflows · Responsible AI · Secure Software Delivery

NCS Pte. Ltd. Jan 2022–31 March 2026

Software Engineer · IT Vendor to Public Service Commission Singapore · Young Leaders · Brand Ambassador

- Employed by NCS Group while serving Public Service Commission Singapore as an IT vendor.
- Owned end-to-end delivery for a confidential internal project, from build to deployment.
- Planned and facilitated UAT, including script creation and stakeholder sessions.
- Managed incidents and user enablement through training and ongoing support.

Tech: UAT · Incident Management · Stakeholder Collaboration · Public Sector Delivery

Singapore Management University

Dec 2021

Research Assistant

- Scanned 88 IS216 projects using OWASP ZAP for dynamic analysis.
- Executed commercial DAST scans and performed static analysis on the same codebases.
- Contributed findings to research on integrating security in web programming courses.

Tech: OWASP ZAP · DAST · SAST

Alpha Ori Technologies

May–Jul 2020

Maritime Tech Solutions Intern

- Automated conversion of 150M+ rows with 3B+ data points into AWS DynamoDB.
- Built API trials for three vendors to evaluate adoption viability.
- Implemented data sorting and voyage analysis for trend identification.

Tech: C# · ASP.NET · AWS DynamoDB · APIs

OSM Thome (formerly Thome Ship Management)

May–Oct 2018

IT Intern

- Built an enterprise analytics portal providing 15 key data points for decision-making.
- Delivered a ship agency system supporting 160+ emails/hour.
- Enhanced vessel information for 230+ vessels via API integrations.

Tech: Web Apps · APIs · Data Visualization

Rightspot

Jul–Oct 2016

Intern

- Resolved 20+ bugs to improve site stability within two weeks.
- Created an overview page for 250 applicants' job status.
- Built a job listing dashboard covering 500+ companies.

Tech: Web Apps · QA · Dashboarding

SamMobile

Jul–Dec 2013

Contributing Writer (Freelance)

- Published 1–2 articles per week for a 1.5M+ member audience.
- Covered mobile software updates and product insights.

Tech: Editorial · Research · Communication

EDUCATION

Singapore Management University

2017–2022

BSc Information Systems (Cyber Security)

Nanyang Polytechnic

2014–2017

Diploma in Business Informatics with Merit

Gachon University

2015

Overseas Exchange

PUBLICATION

XSS for the Masses: Integrating Security in a Web Programming Course using a Security Scanner

ITiCSE 2022 · April 26, 2022
