EXPERIENCE

NCS Group

Singapore

Software Engineer

Brand Ambassador

Business Analyst

4 Jan 2022 – Present

Aug 2022 – Dec 2024

Aug 2024 – Dec 2025

- Managed the end-to-end development, testing, deployment, and support of a confidential internal project.
- Created and maintained User Acceptance Testing (UAT) scripts to validate system functionality.
- Facilitated UAT sessions with MFA stakeholders, users, and Overseas Missions to ensure requirements were met.
- Managed incident tracking, system maintenance, and timely issue resolution to support users effectively.
- Conducted training and onboarding sessions for new users while providing continuous support to existing users.
- Collaborated with MFA officers, HR teams, internal departments, global missions, and IT vendors to gather requirements and address operational needs.
- Supported the technology refresh migration from SharePoint 2013 to SharePoint 2019, ensuring smooth integration with dependencies and content.
- Led the onboarding of MFA Overseas Missions onto the OMAS platform, including requirements gathering, vendor coordination, UAT, and production rollout.
- Gathered and analyzed requirements related to leave policies, overtime calculations, LRS staff profiles, claims management, and local public holidays.
- Ensured the OMAS platform improved attendance process efficiency, compliance, and user satisfaction across international diplomatic missions.

EARLIER ENGINEERING EXPERIENCE

Singapore Management University – Research Assistant | Remote/Singapore | 6 Dec – 24 Dec 2021

- Utilized the OWASP ZAP security scanning tool (dynamic analysis tool) to conduct comprehensive scans on 88 IS216 projects.
- Employed a commercial security scanning tool (dynamic analysis tool) to perform thorough scans on the same set of 88 IS216 projects.
- Utilized static analysis techniques to scan the identical 88 IS216 projects

Alpha Ori Technologies - Maritime Tech Solutions Intern | Singapore | May 2020 - Jul 2020

- Automated conversion of 150M+ rows and 3B+ data points from unstructured datasets into AWS DynamoDB.
- Built API trial infrastructure for three AIS data vendors to evaluate source reliability and adoption viability.
- Developed data workflows for MMSI, VesselType, and voyage-plan analysis to identify maritime trends.

Alpha Ori Technologies - Intern | Singapore / Santa Clara, CA | May 2019 - Aug 2019

- Analyzed requirements for a Charter Party Dashboard covering 100 data points across 12 screens.
- Configured and tested an AIS Dispatcher using Raspberry Pi, rPiAIS, RTL-SDR, Raspbian, and command-line tools.

Thome Ship Management - IT Intern | Singapore | May 2018 - Oct 2018

- Built an enterprise analytics portal with 15 operational data points for ship-owner, fleet, and company decision-making.
- Delivered a Ship Agency workflow system supporting 160+ emails/hour in collaboration with a Manila project lead.
- Enhanced vessel information and mapping data for 230+ vessels through API integrations and UI improvements.

RightSpot - Intern | Singapore | Jul 2016 - Oct 2016

- Resolved 20+ website bugs within two weeks, improving site stability.
- Built applicant and company dashboards covering 250 applicants and 500+ companies tied to S\$500K in sales activity.

EDUCATION**Singapore Management University
Singapore****Aug 2017 – Dec 2021****Bachelor of Science (Information Systems)
Major in Information Systems (Cyber Security)**

- Quantedge Foundation Scholarship
- MPA Global Internship Award

**Nanyang Polytechnic
Singapore****Apr 2014 – May 2017****Diploma in Business Informatics with Merit**

- GPA: 3.91/4
- 4 Distinctions & 13 A's out of 23 modules
- Director's List AY2014/2015 – AY2016/2017 (Attained Director's List every semester)
- Edusave Merit Bursary
- Edusave Skills Award
- Overseas Exchange Student during AY2015/2016 Semester 2 at Gachon University (GPA: 4.1/4.5)

PUBLICATION**XSS for the Masses: Integrating Security in a Web Programming Course using a Security Scanner**

- Co-authored and published research article with Prof. Shar, L. K., Prof. Poskitt, C. M., Prof. Shim, K. J., & Wong, L. Y. L. (2022).

CERTIFICATIONS

- AI Singapore: LLM Application Developer Programme
- NUS-ISS: AI and Cybersecurity; Explainable and Responsible AI; Architecting Scalable Systems; Platform Engineering; Cloud Native Solution Design
- Scrum.org: Professional Scrum Master I

SKILLS & INTERESTS

Languages: C#, JavaScript, SQL, Python, PHP, HTML, CSS, ASP.NET, Bootstrap, Node.js

Cloud and Data: AWS DynamoDB, APIs, JSON, XML, ETL, data pipelines

Security and Testing: OWASP ZAP, SAST, DAST, XSS testing, UAT scripts, regression support

AI and Delivery: Agentic Development, LLM application development, responsible AI,
stakeholder discovery, incident management, user enablement
Languages: English, Mandarin
